<b>COMMENTS</b>				

*\*Please continue to the following page. Thank you.*

During our 2024 fire sprinkler inspection we noted on the inspection report that your facility is due for a (5) year internal obstruction investigation, which requires the following per NFPA, Chapter 14.2.1.

- (1) Remove and internally inspect the FDC check valve and the Fire Department Connection outside of the building to make sure it is obstruction free.
- (2) Internally inspecting the main system control valve, check valve or alarm check valve to check for any obstructions.
- (3) Internally inspect the inside of the piping at the most remote end of the sprinkler main.
- \*\*If the above items are not easily accessible due to dry wall or other obstructions the owner will be responsible for supplying access holes and patching or repairing any access holes. \*\*
- (4) Internally inspect the inside of the piping at the most remote end of sprinkler system.
- (5) Provide 5-year inspection reports after inspection is completed.

Replace out of date gauges and perform 5-year internal inspection on fire riser and components. A separate quote will be sent if any issues are found during inspection.

Note: performing NFPA 25 five-year obstruction test involves the internal inspection of pipes, valves, and devices. By pulling the items apart to perform the inspection, some items may not reseal and will need repaired. No cost is included in this proposal for this service and will be done on a time and material basis upon customers' approval if necessary.

\*NFPA 25 Chapter 13.6.1.4

- Backflow prevention assemblies shall be inspected internally every 5 years to verify that all components operate correctly, move freely, and are in good condition. If the device has an RP, a rebuild kit will be installed as well.

\*\*\*If lift is needed a separate quote will be provided. \*\*\*

5 year internal inspection on building and fire backflows due on the below 19 buildings.

\*\*\*12 Backflows need tested for the below addresses (2 inch Wilkins 950).

- \*\*\*1150 Wildwood Lakes Blvd \*\*\*
- \*\*\*1160 Wildwood Lakes Blvd \*\*\*
- \*\*\*1170 Wildwood Lakes Blvd \*\*\*
